

Westvlees – Teamleader

To strengthen our team and support our growth, we are looking for a Supervisor (start time: 9am)

- As a Supervisor, you will be responsible for **effectively leading and coordinating our production activities**.
- You will manage a **team of production employees** and ensure that all **operational objectives** are achieved in compliance with established quality standards.
- Participate in **production and personnel planning**
- Participate in production control, including **efficiency, quality and safety**
- Coach and **supervise** employees
- **Lead** and **motivate** a production team
- **Optimize** production processes

We are looking for:

- An innovative person with a sense of detail and organization, you have good judgment and you are stress resistant
- Someone who makes decisions based on the objectives to be achieved and you see problems as a challenge
- A communicative person, which allows you to approach the team in a coached manner
- A flexible & hands-on personality who has interest and experience for a job with responsibilities
- Who has good language skills in Dutch, French and English.
